

AIR HANDLING & COMFORT SYSTEMS

Preconfigured DOAS air handling solutions

Standard & custom gas fired air handling

Variable refrigerant flow (VRF) and single split heat pumps

High efficiency condensing boilers

Heating, ventilation and evaporative cooling products

Custom DX & humidity control AHUs

Custom gas fired & energy recovery air handling

Modular air handlers, blower coil units and chilled beams

Custom air handling

Energy efficient infrared heaters

AIR DISTRIBUTION & CONTROL

Air distribution and terminal units

Engineered fabric ducting

ULC listed damper and air control products

High performance architectural diffusers

Louvres & dampers

Wall boxes, lint traps & custom metal accessories

FANS & VENTILATORS

PENN BARRY™

Commercial & industrial fans

EnergyStar ceiling & inline fans

Bathroom and inline fans

Corrosion resistant (FRP) commercial and industrial blowers

Plastic & SS fans for highly corrosive environments

KITCHEN VENTILATION SYSTEMS

ULC listed kitchen hoods, controls and ecology units

ULC listed grease duct

INDOOR AIR QUALITY

ASHRAE 62.1 compliant air scrubber

Air filters & filtration solutions

HUMIDITY CONTROL

Hybrid dehumidification solutions

Dehumidification for pool environments

Humidification solutions

SOUND ATTENUATION

Silencers & sound attenuation

HEAT & ENERGY RECOVERY

Packaged heat and energy recovery ventilators

Residential energy recovery

VENTING & ENGINEERED DUCT

Chimney and venting systems

Prefabricated duct systems
(Fire-rated, grease, underground)

CONTROLS

Hazardous gas monitoring systems

Damper actuators and control valves

SOURCE CAPTURE

Vehicle and source capture solutions

clean air at work
