

AIR HANDLING & COMFORT SYSTEMS

Preconfigured DOAS air handling solutions

Standard & custom gas fired air handling

Variable refrigerant flow (VRF) and single split heat pumps

High efficiency condensing boilers

Heating, ventilation and evaporative cooling products

Innovent
Air Handling Equipment

Custom DX & humidity control AHUs

KRUEGER
Excellence in Air Distribution

Custom gas fired & energy recovery air handling

Modular air handlers, blower coil units and chilled beams

Custom air handling

Energy efficient infrared heaters

AIR DISTRIBUTION & CONTROL

Air distribution and terminal units

High performance architectural diffusers

Engineered fabric ducting

Louvres & dampers

ULC listed damper and air control products

Wall boxes, lint traps & custom metal accessories

FANS & VENTILATORS

Commercial & industrial fans

Corrosion resistant (FRP) commercial and industrial blowers

EnergyStar ceiling & inline fans

Plastic & SS fans for highly corrosive environments

Bathroom and inline fans

Industrial Large HVLS Fans

KITCHEN VENTILATION SYSTEMS

ULC listed kitchen hoods, controls and ecology units

ULC listed grease duct

INDOOR AIR QUALITY

ASHRAE 62.1 compliant air scrubber

Air filters & filtration solutions

HUMIDITY CONTROL

Hybrid dehumidification solutions

Dehumidification for pool environments

Humidification solutions

HEAT & ENERGY RECOVERY

Packaged heat and energy recovery ventilators

Residential energy recovery

VENTING & ENGINEERED DUCT

Chimney and venting systems

Prefabricated duct systems
(Fire-rated, grease, underground)

CONTROLS

Hazardous gas monitoring systems

Damper actuators and control valves

SOUND ATTENUATION

Silencers & sound attenuation
